The Second Combined ASEAN Hand Society Meeting

MESSAGE FROM PRESIDENT

Greetings and May Peace Be Upon Us,

Welcome to all delegates and speakers to the 2nd Combined ASEAN Hand Society Meeting 2021 in Kuala Lumpur Convention Centre, following the first meeting in Chiang Mai Thailand two years ago in Sept 2019.

As decided every 2 years there will be such a meeting to foster friendship and exchange of knowledge and expertise among Hand Surgeon in ASEAN nations. It has been a great challenge for MSSH to organise this meeting during this pandemic of COVID 19, the dates and venues has to be changed several times. Nevertheless, we finally managed to hold this meeting this December 2021 using "Hybrid" format - for the first time, both webinar and physical meeting. I hope with all the limitations, this meeting will be memorable to everyone involved and also a success.

Great thanks to the participants, organizing committees, the speakers from all the ASEAN nations, our industrial sponsors not to forget KLCC and MyCEB for their support and effort to make this event materialised.

I hope this will continue the inspiration of fostering knowledge and friendship amongst our ASEAN colleague and looking forward to the next meeting in Indonesia in 2023.

Stay Safe, Thank you.

Dr Mohd. Iskandar Mohd. Amin

President of MSSH

Organising Chairman 2nd ASEAN HSM 2021
